

# OpenAIRE

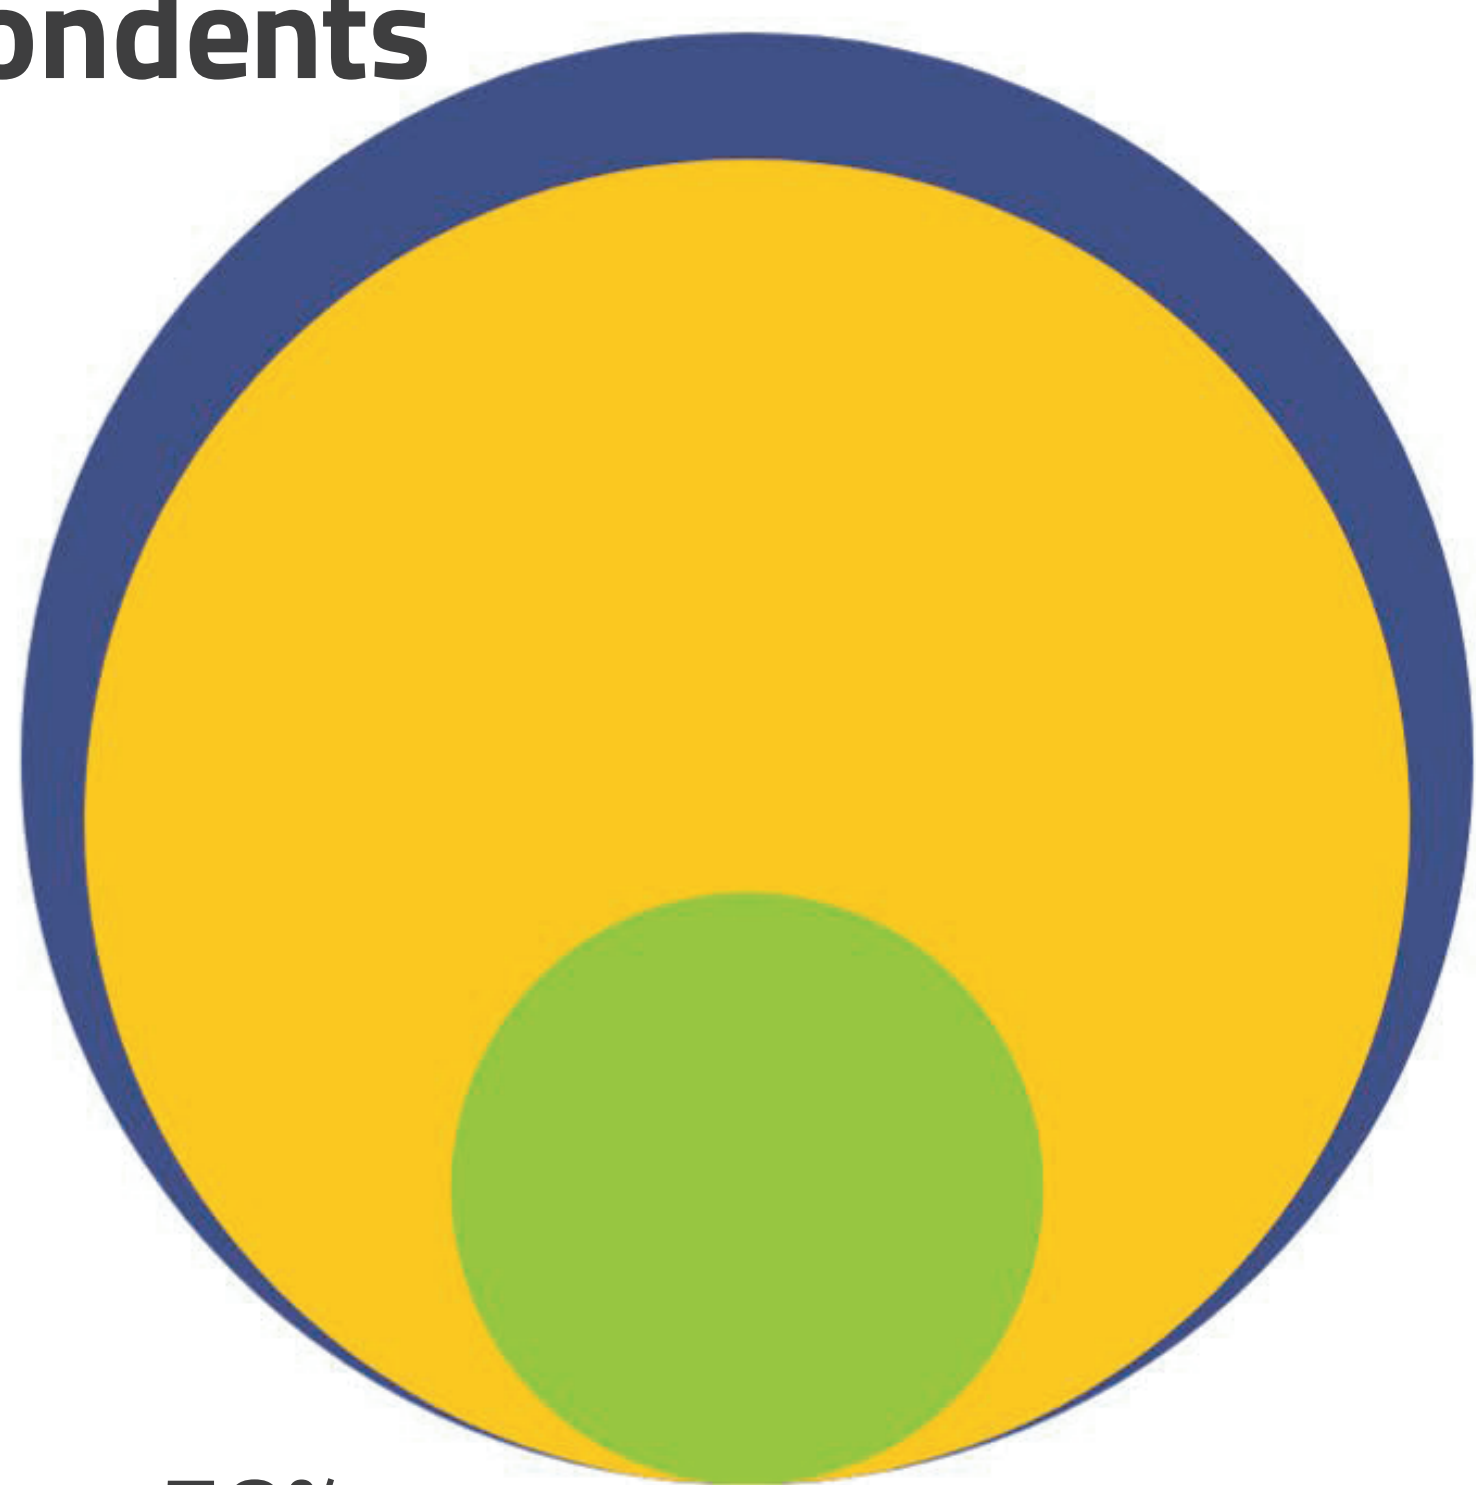

## Supporting the EC's Open Data Pilot Requirements

Through a cultural and technological shift towards Open Science, OpenAIRE aligns **policy implementation** with **customized solutions** and **unified services**, providing a flexible framework.

## OpenAIRE & FAIR Data Expert Group Survey on the H2020 DMP Template

289 Respondents

- DMP writers 50%
- DMP support staff 60%
- Both 10%

**Almost half**  
would openly  
publish a DMP.

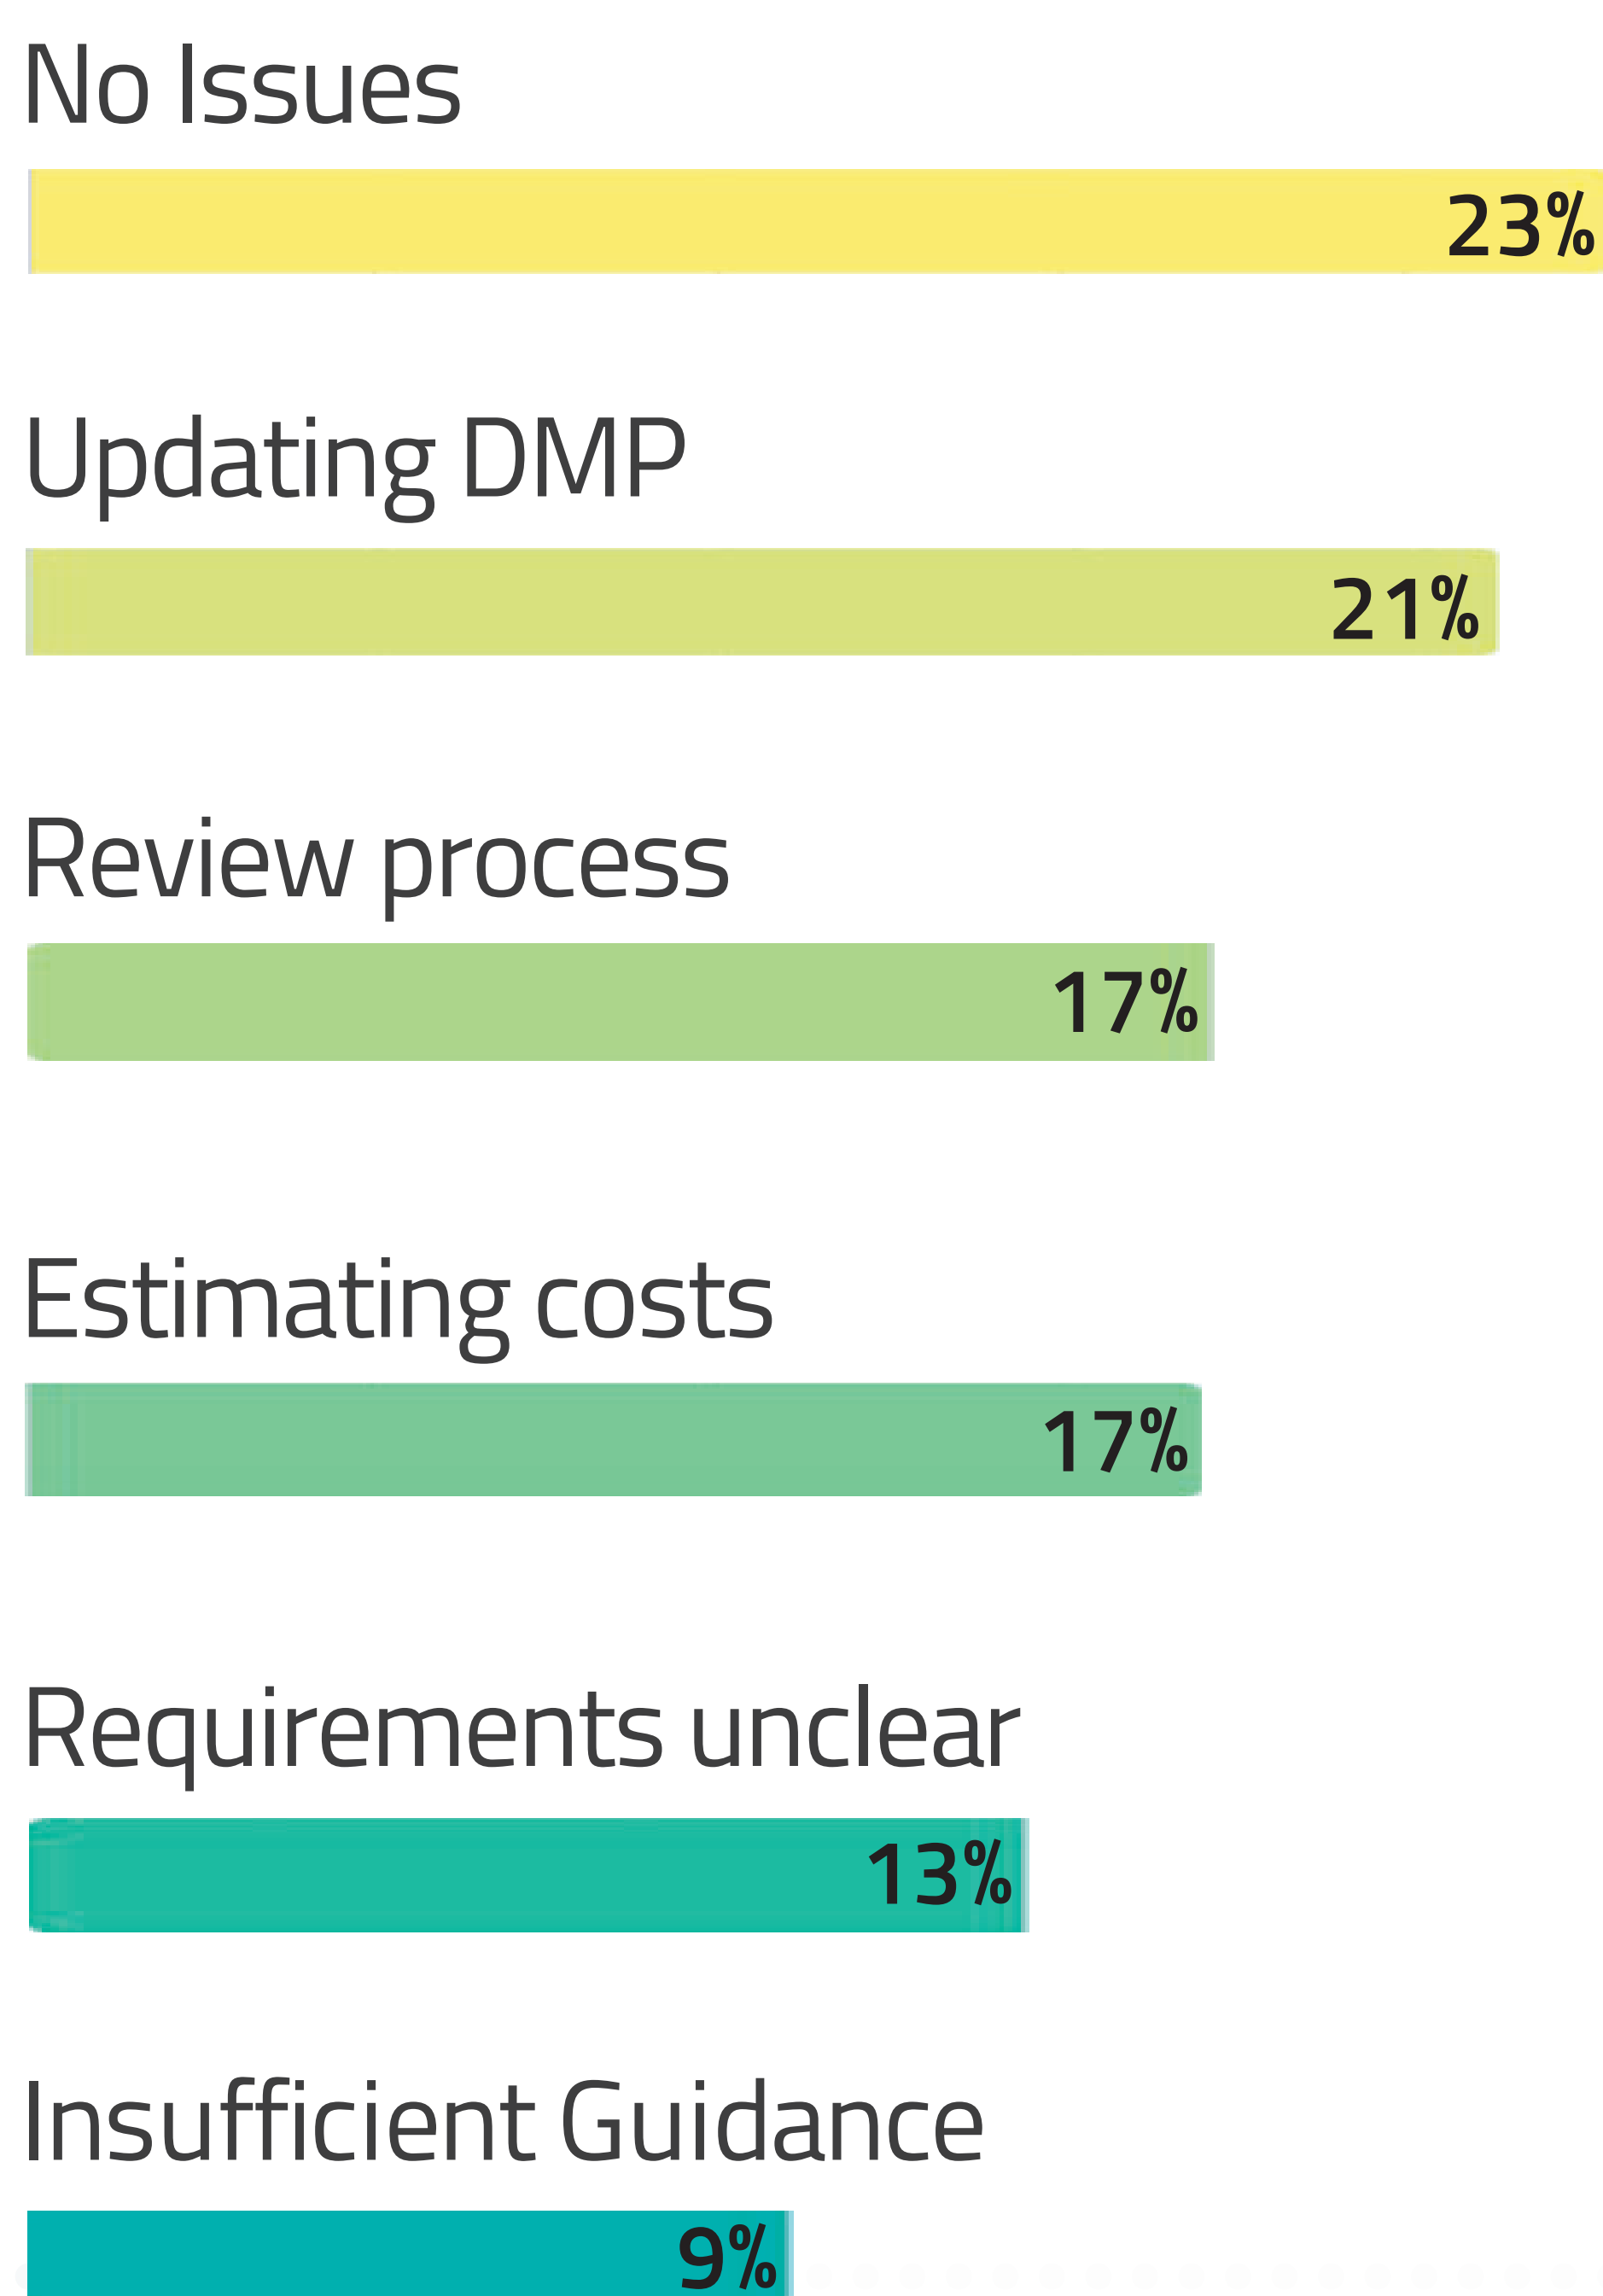

**Yes if...**

And even more would do so if certain conditions were met such as confidentiality.

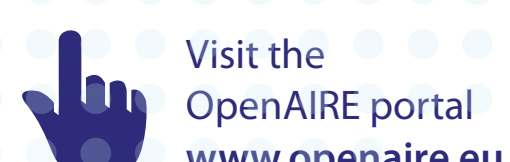

**16%**

### H2020 DMP issues

### Recommendations for the EC

- ⚠️ Revise DMP template structure
- ⚠️ Reduce technical terminology
- ⚠️ Provide discipline-specific guidance
- ⚠️ Offer DMP examples & cost information
- ⚠️ Clarify review process
